

Desde que se publicó este artículo (el 5 de enero), los medios de comunicación de Estados Unidos, en conexión con la inteligencia estadounidense, han lanzado otra ola de difamaciones contra el presidente electo, Donald Trump.

La estrategia de propaganda más reciente está en marcha. El objetivo es desestabilizar la presidencia de Trump.

Un “informe de inteligencia” falsa retrata a Trump como un instrumento de Moscú, “apuntalándolo y prestándole apoyo durante por lo menos cinco años”. El informe sugiere que la inteligencia rusa “ha comprometido a Trump” a tal punto que puede ser “chantajeado” a causa de sus “actos sexualmente pervertidos”.

- So far TRUMP has declined various sweetener real estate business deals offered him in Russia in order to further the Kremlin's cultivation of him. However he and his inner circle have accepted a regular flow of intelligence from the Kremlin, including on his Democratic and other political rivals
- Former top Russian intelligence officer claims FSB has compromised TRUMP through his activities in Moscow sufficiently to be able to blackmail him. According to several knowledgeable sources, his conduct in Moscow has included perverted sexual acts which have been arranged/monitored by the FSB

Trump Time Capsule #133: Modern Manchurian Candidate

Angela Lansbury and Laurence Harvey in *The Manchurian Candidate*, in 1962. That movie, and the Richard Condon novel it was drawn from, imagined foreign attempts to direct the outcome of a U.S. presidential election. Yesterday the U.S. government said that Russian hackers have been deliberately trying to change the outcome of this year's race.

Donald Trump has won the 2016 presidential election, and is now making appointments which raise concern in many quarters. Citizens are asking how our nation can move ahead and flourish helmed by a man who is seen as openly homophobic, racist, xenophobic and sexist.
